

BILLING CODE 6560-50-P

## ENVIRONMENTAL PROTECTION AGENCY

### 40 CFR Part 180

[EPA-HQ-OPP-2018-0577; FRL-9982-37]

## Receipt of Several Pesticide Petitions Filed for Residues of Pesticide Chemicals in or on Various Commodities

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notification of filing of petitions and request for comment.

**SUMMARY:** This document announces the Agency's receipt of several initial filings of pesticide petitions requesting the establishment or modification of regulations for residues of pesticide chemicals in or on various commodities.

**DATES:** Comments must be received on or before [*insert date 30 days after date of publication in the Federal Register*].

**ADDRESSES:** Submit your comments, identified by the docket identification (ID) number and the pesticide petition number (PP) of interest as shown in the body of this document, by one of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the online instructions for submitting comments. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

- *Mail:* OPP Docket, Environmental Protection Agency Docket Center (EPA/DC), (28221T), 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001.

- *Hand Delivery*: To make special arrangements for hand delivery or delivery of boxed information, please follow the instructions at <http://www.epa.gov/dockets/contacts.html>. Additional instructions on commenting or visiting the docket, along with more information about dockets generally, is available at <http://www.epa.gov/dockets>.

**FOR FURTHER INFORMATION CONTACT:** Michael Goodis, Registration Division (RD) (7505P), main telephone number: (703) 305-7090, email address: [RDFRNotices@epa.gov](mailto:RDFRNotices@epa.gov); or Robert McNally, Biopesticides and Pollution Prevention Division (BPPD) (7511P), main telephone number: (703) 305-7090, email address: [BPPDFRNotices@epa.gov](mailto:BPPDFRNotices@epa.gov). The mailing address for each contact person is: Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001. As part of the mailing address, include the contact person's name, division, and mail code. The division to contact is listed at the end of each pesticide petition summary.

## **SUPPLEMENTARY INFORMATION:**

### **I. General Information**

#### *A. Does this Action Apply to Me?*

You may be potentially affected by this action if you are an agricultural producer, food manufacturer, or pesticide manufacturer. The following list of North American Industrial Classification System (NAICS) codes is not intended to be exhaustive, but rather provides a guide to help readers determine whether this document applies to them. Potentially affected entities may include:

- Crop production (NAICS code 111).
- Animal production (NAICS code 112).
- Food manufacturing (NAICS code 311).
- Pesticide manufacturing (NAICS code 32532).

If you have any questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT** for the division listed at the end of the pesticide petition summary of interest.

*B. What Should I Consider as I Prepare My Comments for EPA?*

1. *Submitting CBI.* Do not submit this information to EPA through [regulations.gov](http://www.regulations.gov) or email. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD-ROM that you mail to EPA, mark the outside of the disk or CD-ROM as CBI and then identify electronically within the disk or CD-ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

2. *Tips for preparing your comments.* When preparing and submitting your comments, see the commenting tips at <http://www.epa.gov/dockets/comments.html>.

3. *Environmental justice.* EPA seeks to achieve environmental justice, the fair treatment and meaningful involvement of any group, including minority and/or low-income populations, in the development, implementation, and enforcement of environmental laws, regulations, and policies. To help address potential environmental justice issues, the Agency seeks information on any groups or segments of the population who, as a result of their location, cultural practices, or other factors, may have atypical or disproportionately high and adverse human health impacts or environmental effects from exposure to the pesticides discussed in this document, compared to the general population.

**II. What Action is the Agency Taking?**

EPA is announcing its receipt of several pesticide petitions filed under section 408 of the Federal Food, Drug, and Cosmetic Act (FFDCA), 21 U.S.C. 346a, requesting the establishment or modification of regulations in 40 CFR part 180 for residues of pesticide chemicals in or on various food commodities. The Agency is taking public comment on the requests before responding to the petitioners. EPA is not proposing any particular action at this time. EPA has determined that the pesticide petitions described in this document contain the data or information prescribed in FFDCA section 408(d)(2), 21 U.S.C. 346a(d)(2); however, EPA has not fully evaluated the sufficiency of the submitted data at this time or whether the data support granting of the pesticide petitions. After considering the public comments, EPA intends to evaluate whether and what action may be warranted. Additional data may be needed before EPA can make a final determination on these pesticide petitions.

Pursuant to 40 CFR 180.7(f), a summary of each of the petitions that are the subject of this document, prepared by the petitioner, is included in a docket EPA has created for each rulemaking. The docket for each of the petitions is available at <http://www.regulations.gov>.

As specified in FFDCA section 408(d)(3), 21 U.S.C. 346a(d)(3), EPA is publishing notice of the petitions so that the public has an opportunity to comment on these requests for the establishment or modification of regulations for residues of pesticides in or on food commodities. Further information on the petitions may be obtained through the petition summaries referenced in this unit.

*Amended Tolerance Exemption for Non-Inert (Except PIPS)*

*PP 8F8680.* (EPA-HQ-OPP-2018-0520). Eden Research plc, 6 Priory Ct., Priory Court Business Park, Poulton, Cirencester, GL7 5JB, United Kingdom (c/o SciReg, Inc., 12733 Director's Loop, Woodbridge, VA 22192), requests to amend an exemption from the requirement of a tolerance in 40 CFR 180.1240 to include residues of the fungicide and nematocide thymol in or

on raw agricultural commodities or processed food. The petitioner believes no analytical method is needed because an exemption from the requirement of a tolerance for residues of thymol is being requested; therefore, the requirement to provide an analytical method for detecting and measuring the levels of pesticide residue is not applicable. Contact: BPPD.

*New Tolerance Exemption for Inert (Except PIPS)*

*PP IN-11098.* (EPA-HQ-OPP-2018-0203). Spring Trading Company (203 Dogwood Trail, Magnolia, TX 77354) on behalf of Sasol Chemicals (USA) LLC, 12120 Wickchester Lane, Houston, TX 77079) requests to establish an exemption from the requirement of a tolerance for residues of alcohols, C2-33, manuf. of, by-products from, overheads (CAS Reg. No. 876065-86-0) when used as an inert ingredient (solvent) in pesticide formulations applied to growing crops and or to raw agricultural commodities after harvest under 40 CFR 180.910 and applied to animals under 40 CFR 180.930. The petitioner believes no analytical method is needed because it is not required for an exemption from the requirement of a tolerance. Contact: RD.

*New Tolerance Exemptions for Non-Inerts (Except PIPS)*

1. *PP 8F8681.* (EPA-HQ-OPP-2018-0522). Eden Research plc, 6 Priory Ct., Priory Court Business Park, Poulton, Cirencester, GL7 5JB, United Kingdom (c/o SciReg, Inc., 12733 Director's Loop, Woodbridge, VA 22192), requests to establish an exemption from the requirement of a tolerance in 40 CFR part 180 for residues of the fungicide eugenol in or on raw agricultural commodities or processed food. The petitioner believes no analytical method is needed because an exemption from the requirement of a tolerance for residues of eugenol is being requested; therefore, the requirement to provide an analytical method for detecting and measuring the levels of pesticide residue is not applicable. Contact: BPPD.

2. *PP 8F8690.* (EPA-HQ-OPP-2016-0073). LAM International Corp., 117 South Parkmont St., Butte, MT 59701, requests to establish an exemption from the requirement of a tolerance in

40 CFR part 180 for residues of the nematocide *Purpureocillium lilacinum* strain PL11 in or on all food commodities. The petitioner believes no analytical method is needed because, when used as proposed, *Purpureocillium lilacinum* strain PL11 would not result in residues that are of toxicological concern. Contact: BPPD.

*New Tolerances for Non-Inerts*

1. *PP 8E8674*. (EPA-HQ-OPP-2018-0525). Dow Agro Sciences LLC, 9330 Zionsville Road, Indianapolis, Indiana 46268-1054, requests to establish import tolerances in 40 CFR part 180.495 for the residues of the insecticide spinosad, determined by measuring only the two related active ingredients: Spinosyn A (Factor A: CAS # 131929–60–7) or 2-[(6-deoxy-2,3,4-tri-O-methyl- $\alpha$ -L-manno-pyranosyl)oxy]-13-[[5-(dimethylamino)-tetrahydro-6-methyl-2H-pyran-2-yl]oxy]-9-ethyl-2,3,3a,5a,5b,6,9,10,11,12,13,14,16a,16b-tetradecahydro-14-methyl-1H-as-Indaceno[3,2-d]oxacyclododecin-7,15-dione; and Spinosyn D (Factor D; CAS # 131929–63–0) or 2-[(6-deoxy-2,3,4-tri-O-methyl- $\alpha$ -L-manno-pyranosyl)oxy]-13-[[5-(dimethyl-amino)-tetrahydro-6-methyl-2H-pyran-2-yl]oxy]-9-ethyl-2,3,3a,5a,5b,6,9,10,11,12,13,14,16a,16b-tetradecahydro-4,14-methyl-1H-as-Indaceno[3,2-d]oxacyclododecin-7,15-dione] in or on tea, dried at 70 parts per million (ppm) and tea, instant at 70 ppm. The EPA has determined adequate tolerance enforcement methods are available for spinosad residues in a variety of plant and animal matrices including a number of high-performance liquid chromatography (HPLC)/Mass Spectrometry (MS)/MS methods. Additional details on the analytical methods can be found in the supporting documentation in docket ID (EPA-HQ-OPP-2011-0666-0025).  
Contact: (RD)

2. *PP 7F8640*. (EPA-HQ-OPP-2018-0088). Syngenta Crop Protection, LLC, P.O. Box 18300 Greensboro, NC 27419-8300, requests to establish a tolerance in 40 CFR part 180 for residues of the insecticide, emamectin, in or on vegetable, cucurbit, group 9 at 0.03 parts per

million. The high performance liquid chromatography (HPLC) analytical method is used to measure and evaluate the chemical emamectin. Contact: RD.

**Authority:** 21 U.S.C. 346a.
